

**WE DON'T HAVE A 9 TO 5, WE HAVE A 24/7/365**

## **Emergency & Expedited Freight**

Emergencies occur at all hours of the day. Our 24 hour a day operation allows you to call at any time and speak directly to a customer service representative to book, trace or inquire about a shipment. Our dedicated customer service team tracks and traces your freight multiple times a day, followed by an update to the customer.

Our asset based fleet and all expedited partners are GPS or Macro Point equipped, which allows us to monitor all shipments progress and notify customers immediately with any delays or issues that may arise.

Calling CS-1 for all your expedited shipments allows you to make one call and sit back knowing your shipment is in good hands with a trusted partner. Whether you require something as small as a box in the back of a van, or a team drive on a flat-bed across the country, we can source the right option at any and all hours.

We have access to hundreds of reliable carriers, with 1,000's of trucks, who specialize solely on emergency shipments. These partners vary from sprinters, to team service tractors, and even air charters. Our committed team always goes above and beyond to ensure your shipment delivers on time with an established **99.5%** pickup and delivery track record.

Got an emergency? **Call 1-877-746-4271 or 905-829-2255** or email us at [dispatch@shipcs1.com](mailto:dispatch@shipcs1.com) for a quote. We will find you an option **GUARANTEED**.
